SUBJECT - Estimate for Rs 1,850/- for providing under-ground sewers in the newly opened out lane in continuation of Mahomed Hayath Street to the west of the Renowned Restaurant in Narasimharaja Road, Bangalore City

I have the honour to state that on the report of the Engineer Officer that the above work formed part of the sanctioned estimate for laying street sewer of sub-main No 8, that while this work was in progress, these lanes could not be provided with under-ground sewers as some properties coming across the sewer lines had to be acquired and that the lanes were not clear from obstructions, an estimate was got prepared for the work by the Engineer Officer attached to the Board, as the lanes were since reported to be clear of the obstructions This was placed before the Board at its meeting held on 29-8-1947 when the following resolution was passed

"THAT the estimate be approved and that a statement showing the details of works sanctioned as per Comprehensive Scheme, works actually carried out so far, total outlay incurred ever since the Comprehensive Scheme was taken up and the remaining works yet to be carried out, be prepared and brought up together with a plan very early "

I accordingly request that the approval of Government may kindly be obtained to the enclosed estimate prepared by the Engineer Officer for Rs 1,850/- for the above

work, the cost on this account being met from the savings under "Laying street sewers of the 8th Sub Main."

Action will be taken separately to furnish the details asked for by the Board in the above resolution

The plan and the report accompanying the estimate are also enclosed for favour of reference and return

I have the honour to be,
